### Background

At the April 24, 2023 Board of Trustee meeting, the Board of Trustees passed the following motion:

**“That** a review of the secondary boundaries for St. Joan of Arc CHS and St. Elizabeth CHS be reviewed with respect to the alignment of the St. Cecilia CES community by the fall of 2023 with any possible changes effective September 2024.”

The goal of this review is to respond to shifts in enrolment patterns and trends within the area. All families in the school community are invited to attend the information session.

### Public Information Session

The Public Information Session is designed to facilitate the exchange of ideas and information about the boundary study. The meeting will take the form of a “drop-in” open house session, and you are welcome to arrive at any time. There will be a number of map displays and other display boards with relevant information and various options for review and consideration.

### Have Your Say!

We are interested in hearing any questions, comments or concerns you may have about the process and proposed boundary change. An online submission form for submitting feedback will open after the meeting. Comments collected will help staff develop recommendations to present to the Board of Trustees for approval.

**Board staff is targeting the October 30, 2023 Board Meeting to present final recommendations.**
